LED Digital Clocks

LUMEX is an elegant digital clock for indoor use designed to fit the sophisticated environments of today's business society. The black case provides an elegant impression.

The digits, formed of LED's in red (standard) or green (optional) are available in two sizes:
Hours and minutes 60 mm, seconds 45 mm (viewing distance up to 25 metres)
Hours and minutes 120 mm, seconds 100 mm (viewing distance up to 50 metres).

Diodes of 300 mcd intensity.

The light intensity of the digits is adjustable by a dimmer control.

Easy to use – via three buttons.

24 hours running reserve.
After a mains failure correct time is automatically displayed.

LUMEX can be operated as stand-alone unit (accuracy 0.1 sec/24 h) via radio signal (option) or impulse from Master clock. All operation methods also require connection to mains supply 230 VAC.

The construction meets the regulations according to EN50081 and EN50082.

Options:

- Bracket for double sided wall – or ceiling mounting
- Receiver for DCF, RDS, MSF, GPS

Options: (factory installed):

- Green LED's (300 mcd)
- Temperature Display
- Chronometer
- IRIG-B input
- World Time input
